Hey Sister!

Visiting Teaching can be a marvelous blessing in your life and it's easier than you may think! Although a personal visit with a spiritual message is preferred each month we know that your life and your sisters' lives can get chaotic and a personal visit may not always be possible. So what do you do when a personal visit isn't possible?

- Call your sister on the phone and talk
- Mail a note
- Drop off a goodie
- Go for a walk together
- Have a sincere conversation

These all count as visiting teaching visits/contacts and a lesson does not need to be done each month, but at least once a quarter.

**\*Don't forget to report your visits to your district supervisor!**
